

2012 - ACI CONCRETE FIELD TECHNICIAN PROGRAM – GRADE 1

CEMENT & CONCRETE PRODUCTS INDUSTRY OF HAWAII (CCPI)

The ACI Certification Program for Concrete Field Testing Technician – Grade 1 is for the purpose of certifying concrete technicians who have demonstrated the knowledge and ability to properly perform the seven (7) basic field ASTM tests on freshly mixed concrete.

Classroom training on concrete mix designs and related ASTM standards. Participants will be instructed and view a video showing the proper procedures in performing these tests. Participants will be given the opportunity to practice the tests on freshly mixed concrete.

Participant will be given the ACI written and performance examination. Those who pass both exams will be certified by ACI as ACI Field Testing Technician Grade 1.

COST: Classroom Review Session (Optional; no fee)
\$ 65 ACI Technician Workbook
\$ 90 PCA Design & Control 14th Edition Manual

Examination:
\$200 – Full Exam (Written/Performance)
\$100 – Re-take for Written Only
\$130 – Re-take for Performance Only

PAYMENT DEADLINE: Registration form and payment must be received one week prior to the seminar examination date.

CANCELLATIONS must be made seven days prior to class, or test, in order to receive a complete refund. Substitutions may be made upon request.

DISABILITY NOTICE: If you have a disability and need assistance to participate in the training and/or to take the examination, please contact us at least two weeks prior to the scheduled date for the course.

PLEASE BRING: A calculator, paper, and pencil. As you will be handling concrete during the practice session and performance exams, the following shall be considered the minimum safety equipment required: Hard hat, high visibility clothing or vest, safety boots (steel or composite toe), safety glasses and hearing protection devices if needed. If you are missing any part of the minimum safety equipment you cannot enter or will be asked to leave the testing facility.
